ComFish Alaska Scheduled for March 16-18, 2023

Kodiak is gearing up for hundreds of visitors for the annual ComFish Alaska Expo and Fisheries Forums. Now in its 44th year, ComFish is the largest and longest-running fisheries trade show in Alaska.

Kodiak is home to a diverse fishing fleet, with more than 700 vessels homeported at its two harbors. Kodiak consistently ranks in the top five U.S. fishing ports for seafood landings and values.

ComFish provides a unique opportunity for people to bring their goods and services directly to where people in the fishing industry live and work. It is also a one-stop shop for stakeholders to get the latest information about seafood industry issues.

The ComFish Expo will run Thursday, March 16 through Saturday, March 18 at Kodiak High School from 10 AM-4 PM. Vendor Expo registration is now open. Attendee registration will open January 30, 2023. More information can be found at www.ComFishAK.com.

Once again, a robust lineup of speakers and presenters will participate in the fishery forums, with exciting new topics on the agenda. This year, all fishery forums will be at the Kodiak High School and will also be broadcast live online.

Find the complete lineup of exhibitors, fishery forums, events, and online registration at www.comfishak.com or contact Jena Lowmaster at the Kodiak Chamber of Commerce at (907) 486-5557. Follow us on Facebook and Instagram @ComFishAlaska.
